Getting a seat on that elephant wasn't so easy. Before they could do any planning, our seniors had to be sure they would be covered if anything went awry. And when the rates go up next year, like they always do, the experts at CentralValleyMedicarePlans.com, with their 35 years of experience, will simply shift them into a plan with a better price. 5 Ways to Find Your Youth

Our seniors are running around the world because they can. They have the money, the deals and the options. There is so much to do and to catch up on. Let's take a look at some of today's options for seniors:

Theme Parks

Theme parks aren't just for kids. So many now have adjoining water parks, upscale dining, animal preserves and even luxury hotels. And you can go with the whole family and everyone will have something they can enjoy. Just plan ahead and only buy what you'll use. Oh, and consider going at Christmas time. Smaller crowds.

Beach Resorts

Want to relax? Go to the beach. You can experience some pretty amazing beach excursions domestically in Hawaii, the Virgin Islands, South Florida and the California coast. Discounts abound from AAA, AARP, military and senior citizen groups.

Cruising

This is the ultimate all-inclusive vacation-room, transportation, food, sightseeing and pampering. You can even pick your own itinerary and do just about anything you want.

Guided Tours

These are done year round but more often in the spring and fall. It's a great way to join a small group of other folks and visit a historical destination. Enjoy travel, sightseeing, culture and the camaraderie of others.

RV Trips

Rent or buy an RV and take off. Go wherever you feel like going. Stop if you want to stop, keep going if you want to. Tour the country, or go beyond. There's no one to say NO.

Exotic Tours

Most of us have a dream destination we have always wanted to visit. Maybe it's France, or the South Pacific, or the Australian Outback. You simply have to ask yourself three questions-How do you want to travel? Where do you want to go? What do you want to see? Answer those and GO.

Oh, to be retired and not have to answer to anyone. You can do what you like, go where you want, experience new things. It's a new ballgame. Whether you have just retired, or just now getting all of your ducks in a row to have some fun. Grab the spouse and a suitcase and go for it!
